HE HELPED MAKE CHICAGO.

L. A. Gilbert, the Great Land Man, Cured of Rheumatism by Paine's Celery Compound.

The most striking personality in Chicago, and the oldest real estate dealer, is Mr. L. A. Gilbert. Mr. Gilbert is now over 60 years of age; in the '50's he was in the Rockies gold hunting. Since 1888 he has handled more property in Chicago, and is known to more home owners than any other man in the business.

Mr. Gilbert at one time suffered from rheumatism and sleeplessness. He made trips to Hot Springs, and tried other methods of treatment without avail. To satisfy a friend who had taken Paine's Celery Compound for similar troubles, and knew what it could do, Mr. Gilbert tried it, and but a very short time elapsed before he was entirely freed from both these troubles. Mr. Gilbert himself says:

"Gentlemen: I have suffered with rheumatism and sleeplessness for years, caused by exposure while prospecting in the mountains years ago. For years I had to take electric bath machines and take trips to Hot Springs in order to get a little sleep and relief from pain. To cap the climax I have been suffering from indigestion and pains in the heart region. Paine's Celery Compound was recommended to me by friends who knew what they were talking about, and

I took it. From the start I noticed improvement, and I am now in the best of health and able to get around as lively as any youngster I know. Yours truly, "L. A. GILBERT."

The most rational way of getting rid of rheumatism, neuralgia and insomnia and getting back sound health is to husband every mite of strength and to set about a radical, all-round restoring of the tired system with Paine's Celery Compound.

It is your business to furnish the body with nervous energy, as fast and abundantly as you can, and to get a richer, purer blood supply. There is no way in which this restorative process can be so swiftly brought about as by using Paine's Celery Compound.

There is nothing known to physicians of the most extensive practice equal to Paine's Celery Compound for purifying the blood and making strong, healthy nerves. Unremitting work at last brings down the vitality of the strongest men and women. Everyone has felt that ambitious, restless feeling. There are many persons who manage to keep about their business because they are not sick, and who are nevertheless sadly "out of health." Paine's Celery Compound ex-

actly fits the cases of these uneasy, sleepless, sorrow-faced men and women. They are on the perilous edge of some organic disease. Paine's Celery Compound will drag them back and plant their feet squarely on firm ground. By regulating the nervous system and compelling the vitiated blood to gain a larger proportion of red corpuscles, all the organs of the body whose business it is to repair and rebuild the tissues are aroused. Paine's Celery Compound does not fail to increase the appetite, to augment the powers of assimilation, to increase the weight of the body, to purify the blood and to stop the progress of structural changes, when liver and kidney diseases have fastened themselves upon the system.

There is not a single city without some perfectly attested cure of liver or kidney disease, chronic constipation, salt rheum, plaguing eczema or general poor health, by the use of Paine's Celery Compound. Impaired strength and unstrung nerves, made known by numbness of the limbs, nervousness and a dissatisfied state of mind—all these weaknesses become things of the past after taking that best of health givers—Paine's Celery Compound.

Hall's Hair Renewer enjoys the confidence and patronage of people all over the civilized world, who use it to restore and keep the hair a natural color.

Mrs. Mary A. Jefferson, mother of Sheriff J. C. Jefferson, is quite ill with pneumonia at her home near Mayslick. She is 76 years old, and this will militate against a speedy recovery.

Thirty-nine years ago a lad named Edwards, aged about 18, one morning started from his home in Fleming county to go fishing in Licking river. Nothing was ever seen or heard of him from that day until last week, when he returned home—without any fish.

The reason why Ayer's Cherry Pectoral is so much more effective than other remedies for colds and coughs is because it is the most skillful combination of anodynes and expectorants known to medical science. It is in every respect a scientific medicine.

The Exchange Bank of David Willson & Co., Flemingsburg, has individual deposits of \$88,712 71, and \$13,808 47 in undivided profits.

The designs for six of the fifteen main buildings of the forthcoming Tennessee Centennial Exposition have been accepted and the construction put under contract, to be completed by June next. The lakes and terraces have already been finished, and the Administration Building has been completed.

Our people are growing more and more in the habit of looking to Mr. J. James Wood for the latest and best of everything in the drug line. They sell Chamberlain's Cough Remedy, famous for its cures of bad colds, croup and whooping cough. When in need of such a medicine give this remedy a trial and you will be more than pleased with the result.

Three Away His Canes. Mr. D. Wiley, ex Postmaster, Black Creek, N. Y., was so badly afflicted with rheumatism that he was only able to hobble around with canes, and even then it caused him great pain. After using Chamberlain's Pain Balm he was so much improved that he threw away his canes. He says this liniment did him more good than all other medicines and treatment put together. For sale at 50 cents per bottle by J. James Wood, Druggist.

A Man Doesn't

need a great deal of jewelry, but what he does wear ought to be good. It is the most extravagant sort of economy to pay too little for such things. If a man buys good buttons and studs the question is settled for sometime to come.

Good things not only last longer, but they look better. Most all jewelry is worn largely for ornament. To be sure it has its uses, and very necessary ones, but the ornamental feature is a strong one.

I will not handle anything that isn't good. I have several grades, of course,—some better than others, but all are to be depended upon. J. BALLENGER, Maysville, Ky.

Ort & Campbell have for sale four houses, the Second street property of the heirs of the late Mrs. Matilda J. Stockton.

We do not hear of any sales of tobacco having been made recently in any section of the county, and the trade seems to have come to a standstill almost, though buying seems to be brisk enough in other parts of the state.

NEWSY NOTES FROM NATURE'S GREAT HIGHWAY.

The Hudson will pass up tonight for Pittsburgh.

The Virginia left Pittsburgh yesterday, and will pass down some time tomorrow afternoon.

The Pittsburgh pools are again empty, but 2,000,000 bushels of coal remaining in the harbor.

Mr. Dawson McDaniel went to Cincinnati last night to go out on the Sunshine as one of her crew.

There were no arrivals or departures last night, fog having caused all the packets to take to the bank.

The Kanawha towboat E. R. Andrews was at the wharf this morning with a tow of twenty-five empties. After hooking on another one she proceeded on up the river.

The following towboats passed this city Thursday afternoon and night: Raymond Horner, Clipper, Cruiser, Henry DeBus, Pacific No. 2, Hornet No. 2, Resolute, J. C. Fisher, Advance, Onward, Belle McGowan, Sam Brown, Fred Wilson.

Mrs. Mary B. Green, wife of Captain Gordon Green, commander of the H. K. Bedford, has been granted a pilot's license for the Ohio river between Pittsburgh and Evansville. This is the first license as pilot ever issued to a woman in this district. She has secured a berth on the Bedford.

The river has begun to fall here. It is falling at all points above, and there is but 44 feet at Pittsburgh. The stage here is 17 feet 8 inches. It will fall rapidly from now on. At Portsmouth it fell 2 feet during Thursday. The Kanawha and New rivers are both falling. Rainy weather prevailed yesterday over the entire Kanawha and Allegheny valleys, and the rain extends from Catlettsburg to Cairo and all along both the Missouri and Mississippi valleys.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
